

# KORODUR REPORT #11

Dear business partner,

Welcome to another edition of the KORODUR Report. Today we would like to present you again some selected topics.

We hope you enjoy reading the KORODUR Report #11.

Sincerely,

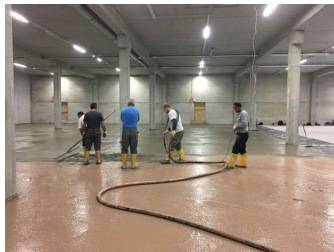

Your KORODUR team

## ■ KORODUR - INDUSTRIAL FLOORS approved world-wide

### NEW Art Dept, Munich

Between May and December 2017, the second construction phase of the new IMMO Art Depot, comprising 6.000 m<sup>2</sup>, was carried out. On three levels, this depot provides state of the art conditions for the storage of art and cultural assets.

For the most severely stressed part of the building – the floor – a highly wear-resistant KORODUR industrial screed was chosen: [NEODUR HE 65](#). For mixing and conveying the hard aggregate mortar, the mixing pump inoComb-Cabrio of INOTEC was used. [Read more...](#)

## ■ KORODUR - RAPID SET the breakthrough one-for-all

### Repair of the apron at Stuttgart airport

In mid-August 2017, the apron of the Stuttgart airport was repaired with the fast-setting Rapid Set DOT CONCRETE MIX. Already two hours after installation the airport sweeper drove over the freshly installed surface!

### Stair repair, city of Esslingen

In this project, damaged public stairways were repaired by the municipal construction yard of Esslingen. Used materials: [CEMENT ALL](#) and [MORTAR MIX](#). Already two hours after application, the

stairways could be re-opened for public. [Read more...](#)

## ■ KORODUR - DIFFERENT FOR A CHANGE

### Symposium on Concrete Roads

Participation of KORODUR at the 13th International Symposium on Concrete Roads in Berlin – presenting lecture and booth.

### BENTICAT pure nature

BENTICAT pure nature - the new clumping ultra-litter made from 100% brown natural bentonite. Available in Germany from beginning of April at selected Norma branches and at all Pflanzen-Kölle-Gartencenters.
