Dear business partner,

Welcome to another issue of the KORODUR Report. Today we would like to introduce again some significant topics. For example, since June 1, 2015, new regulations for classification, labelling and packaging acc. to GHS / CLP supersede the previous European directives. We would like to inform you on this topical issue.

We hope you enjoy reading the KORODUR Report #6.

Sincerely,

Your KORODUR team

■ **KORODUR - KNOWHOW**

New CLP Regulation for classification, labelling and packaging

With date of 01.06.2015 the new regulation system for classification and labelling for substances and mixtures acc. to GHS / CLP entered into force involving some changes for you and us in the fields of classification / safety data sheets and packaging.

CLP is the new regulation for classification, labelling and packing of substances and mixtures (CLP is the abbreviated form of the terms **C**lassification, **L**abelling and **P**ackaging). It aligns existing EU legislation to the United Nations Globally Harmonized System (GHS). [Read more ...](#)

■ **KORODUR - INDUSTRIAL FLOORS** world-wide approved.

ROPA Fahrzeug- und Maschinenbau GmbH

ROPA Fahrzeug- und Maschinenbau GmbH, located in the Bavarian Sittelsdorf, is one of the hidden champions of German SME's. The name ROPA, as technology leader in the sugar beet harvest, stands for safe to use, robust and durable premium machinery equipment. To cope with the constantly increasing demand, ROPA invested in new facilities for production, research and development. In 2014 a new, 20.000 m² assembly center was established. [Read more ...](#)

Logistics center Daimler China

By opening a new logistics center in Guangzhou, Daimler Northeast Asia Parts Trading and Services Co., Ltd. (DPTS), responsible for the after sales parts logistics of Mercedes-Benz passenger cars, vans and trucks, has taken another major step forward in providing an efficient spare parts distribution solution for its customers across China. It is already Daimler's second distribution center which was provided with a **NEODUR HE 65** light-grey industrial floor. [Read more ...](#)

■ **KORODUR - DESIGN FLOORS** natural. sustainable. unique.

Winery "Weingut am Nil", Kallstadt Pfalz

The Weingut am Nil (winery on the Nile) founded in 1841 has nothing to do with Egypt. The name "Nil" refers to a small vineyard called Nil, which forms part of the wine growing area "Kallstadter

Saumagen". Since 2010 the winery is under new management which set great dedication to a new and modern orientation. Renowned wine tasters, like Gault & Millau, have already highly praised the wines and raised high expectations. [Read more ...](#)

Showroom Bonsai Interiors, UK

Bonsai Interiors based in Guernsey in the Channel Islands combine exquisite products, class leading design and masterful craftsmanship to create exceptional living spaces. Bonsai provide multi-faceted complete solutions, and offer a broad range of products whilst delivering world class manufacturing, installation and aftercare service. [Read more ...](#)

■ KORODUR - RAPID SET

New packaging of the Rapid Set Products

According to the new CLP Regulation we also changed the packaging of the Rapid Set products.

Corrugated Cardboard Packaging, Versmold

Waves form the basis of the transport-safe packaging materials produced by the corrugated cardboard specialist, company Gross, Versmold. For the drive ways within the production premises, however, waves are absolutely undesirable. This refers specifically to the passage way from the outdoor asphalt area into the production hall. This area has sunk and broken under the high stress of industrial vehicles. For the repair, our Rapid Set repair mortars, in this case **CONCRETE MIX** offered - [Read more ...](#)

Multi-story car park Barmenia Insurance

For the repair of the car park building of the Barmenia Insurance in Wuppertal, the Rapid Set mortars **CEMENT ALL** and **MORTAR MIX** were used. The damaged areas in the in-situ concrete as well as in the prefabricated elements, partially with open reinforcements, were refurbished by the installer Zarges. To the most part, the repair works with the Rapid Set products had to be carried out in vertical application. [Read more ...](#)
