KORODUR - RAPID SET

Rehabilitation of the Nabburg Gate Bridge, Amberg

Dear business partner,

To begin of our today's issue of the KORODUR Report we would like to inform you that we have strengthened our sales team. This means for you even more service, more competence, more performance, more market proximity and more individual customer service.

We hope you enjoy reading the KORODUR Report #7.

Sincerely,
Your KORODUR team

■ **KORODUR - KNOWHOW**

New faces in the KORODUR Team - more service, more competence, more performance, more market proximity, more individual customer service

We gladly introduce Jens Sackmann, Martin Hübner, Thomas Gerhard and Jens Lang:

Jens Sackmann

In March 2015, Jens Sackmann took over the sales distribution of the multifunctional Rapid Set Repair mortars in the North-West of Germany.

Mr. Sackmann has many years of experience in the building materials industry. Before joining our team, he managed the Europe-wide sales of a product line of a leading manufacturer of building materials and systems in Europe.

Martin Hübner

Also new in our house is Martin Hübner. Since the middle of October 2015 he strengthens our sales team for industrial floors.

Already during his business studies he held a leading position in the sales of dry mortars. Meanwhile he can refer to over 10 years' experience in the industrial flooring branch.

Thomas Gerhard

In November 2015, Thomas Gerhard took over the sales promotion of the Rapid Set repair mortars in the North-East of Germany.

Before joining KORODUR, Mr. Gerhard has already gained extensive experience in the construction industry over a period of two decades. After 10 years as site manager, he shifted his activities to the building materials distribution with focus to building chemicals.

Jens Lang

Since November 2015 also Jens Lang counts to the KORODUR sales team. He manages the product group Rapid Set in the South-West of Germany.

During many years of experience in the building materials trade, Mr. Lang gained expert knowledge in the sales structures in builders merchants trade of the Rapid Set repair mortars.

■ KORODUR - INDUSTRIAL FLOORS proven world-wide

Remodeling of the Metro wholesale market, Vienna

The METRO wholesale market in Langenzersdorf was more than „only“ retreated. The remodeling took eight months. 70.000 work hours were invested. No stone was left unturned. Now the oldest Metro location in Austria, around 15 km North of Vienna's city center, shines in new splendor, this also due to the newly installed KORODUR floors in the sales rooms, in special in the food sector. [read more ...](#)

New production for light alloy wheels at Borbet

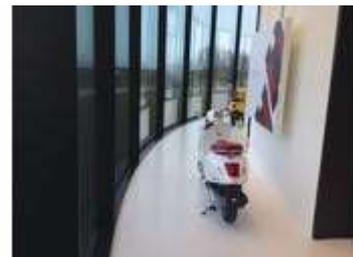

With the groundbreaking ceremony on 13 May, 2015 construction works for a new plant for light alloy wheels production at BROBET in Kodersdorf started. Where around 100.000 cubic meters of soil had been excavated, a production hall with enormous dimensions arose. Around 2.250 cubic meters of concrete have been poured for foundations. ■ KORODUR - DESIGN FLOORS natural. sustainable. unique.

Leica Headquarters, Wetzlar

With the new construction of the corporate headquarters in Wetzlar, Leica returned to its origins where a hundred years ago, the first successful photographic camera was invented. Since then, the name Leica stands for high quality and innovative cameras and lenses. On a ground area of 27.000 m² the complex accommodates the production, the administration, the academy and the customer service departments. [read more ...](#)

■ KORODUR - RAPID SET the breakthrough one for all

Rehabilitation of the Nabburg Gate Bridge, Amberg

To quote the then mayor of Amberg, Wolfgang Dandorfer, the Amberg residents have received a "new bridge in ancient garment". Within about 9 months the bridge has been extensively repaired. It had been the key goal to have the Nabburg Gate Bridge re-opened for traffic still before the Christmas season. This goal could be kept by the involved parties – and this finally also due to the use of the high performance, unique and above all fast [Rapid Set repair mortars](#). [read more ...](#)
