Dear business partner,

In 2016 KORODUR celebrated its 80th anniversary. That means more than 500 Mio. m² KORODUR industrial floors world-wide. Some interesting projects we would like to present you with today's KORODUR report.

Furthermore we say thank you, wish you a Merry Christmas and all the best for 2017.

Sincerely,
Your KORODUR team

Relaunch of our homepage - enjoy!

■ KORODUR - KNOWHOW

Award "Innovativ durch Forschung" (innovative through research)

KORODUR was honored with the "innovative through research" award of the German Stifterverband, a joint initiative started by companies and foundations. This award proves KORODUR's excellent work in the field of research and development. Topics like 3D-printing and volumetric mixing technique are just some samples.

■ **KORODUR - INDUSTRIAL FLOORS approved world-wide**

BMW Logistics Center, Wallersdorf

In Bavaria, in late 2015 the construction of a new logistics center had started – with an internal area of 235.000 m² probably one of the largest logistics centers worldwide! The million worth project was realized by the general contractor GOLDBECK, Germany. The aftersales area has a size of more than 50 football fields together. From here BMW spare parts are shipped to worldwide destinations. [Read more ...](#)

WAGO Pressing Shop, Minden

The WAGO Group is a pioneer in future-oriented technologies. They set the focus on growth and in 2015 have invested in a new pressing shop with an area of 24.000 m²: To ensure a long-lasting and efficient production flow, the type of industrial flooring and a joint-less installation were important criteria. [Read more ...](#)

■ **KORODUR - DESIGN FLOORS natural. sustainable. unique.**

Nike Store, Kaunas

In the Akropolis shopping mall in Kaunas accommodating more than 100 stores and 25 restaurants, a NIKE store opened its doors in 2016. As the store every day is subject to high visitor frequency, the selection of the floor is of great significance. [Read more ...](#)

■ KORODUR - RAPID SET the breakthrough one for all

Bridge repair, Ellwangen

In Ellwangen, a damaged pedestrian bridge was due for repair. A good situation for the Rapid Set mortars to proof their unique performance. The products [CEMENT ALL](#) and [MORTAR MIX](#) were applied. [Read more ...](#)

■ KORODUR - SOMEWHAT DIFFERENT

Brand new: Benticat Super Light

The new, innovative clump light BENTICAT Super Light from KORODUR has many advantages: excellent clumping, above-average fluid absorption, maximum odor control, and especially its light weight.

BENTICAT Super Light is about 50 % lighter compared to the traditional mineral clumping litter!
